

IHCS HOSTS 1ST ANNUAL MEDICAID MATCH PROJECT POSTER SESSION

IHCS hosted the 1st annual Medicaid match project poster session November 15, 2005, at the Kellogg Center. The poster session provided an opportunity for Michigan Department of Community Health (MDCH) staff to learn more about the Medicaid match projects and meet the researchers. It also provided an arena for researchers to showcase their work and to talk with other researchers about the different projects.

Comment forms from the poster session were overwhelmingly positive. Nearly 90% of respondents said the poster session was interesting and informative, and the session was well organized and easy to navigate. Over 80% of respondents said the poster session gave them an opportunity to interact with researchers around topics relevant to Medicaid. And 75% of respondents said the poster session was useful in increasing their knowledge and understanding of the topics being studied.

INCLUDE PICTURES 2, 3 & 4 FROM POSTER SESSION (supplied as jpgs) IN THE BODY SECTION OF THIS PAGE—RUNNING IN A LINE DOWN THE THE RIGHT-HAND SIDE WITH ¼-INCH SPACE BETWEEN TEXT AND PHOTOS.
